In the Matter of:	
	) No. G 06 -2
CALIFORNIA CASUALTY MANAGEMENT	) CONSENT ORDER
COMPANY, COLORADO, and	
CALIFORNIA CASUALTY MANAGEMENT	
COMPANY, KANSAS,	
Authorized Business Entity Licensees.	

#### RECITALS

- 1. California Casualty Management Company, CCMC, authorized non-resident business entity licensees (CIC Codes CALIFC\*99636 and CALIFC\*996L6), located in Colorado (WAOIC #181771) and Kansas (WAOIC #181746), seek to obtain reciprocal Washington State non-resident agent licenses for certain employees that hold personal lines licenses in their resident state.
- 2. The Office of the Insurance Commissioner has determined that issuing property and casualty licenses to such CCMC employee applicants is consistent with the public interest so long as the CCMC employees that are so licensed are otherwise qualified for licenses in Washington, do not transact commercial matters in Washington, and confine their activities under such licenses to the authority granted by the employee's state of residence license for noncommercial matters.
- 3. CCMC is willing to assume responsibility for making sure that its employees who are so licensed in Washington do not transact insurance in Washington that involves commercial matters and that such licensees do not exceed the scope of authority granted in their home states under their resident state licenses.

NOW, THEREFORE, CCMC consents to the following in consideration of its desire to obtain Washington State reciprocal non-resident agent licenses for its employees that hold personal lines licenses from their resident state:

CCMC will retain such agreements for at least five years following termination of the employee's employment.
- 3. Within thirty days of the termination of employment of an employee covered by this agreement, CCMC will notify the OIC of the employee's termination of employment with CCMC and the license and appointments will be canceled.
- 4. CCMC will provide the OIC with a list of all CCMC employees now holding Washington State reciprocal non-resident agent licenses whose licenses in their home states are limited to personal lines authority so that the OIC can update or modify their Washington licenses in accordance with this Consent Order.
- 5. CCMC understands and agrees that its failure to fulfill the conditions set forth in this Order shall constitute grounds for disciplinary action against it.
